PERLON® - The Filament Company

Perlon GmbH in Germany takes over NOWO Products Sp.z.o.o. in Kluczbork, Poland

Perlon® - The Filament Company - headquartered in Munderkingen, Germany, which specializes in the manufacture of synthetic filaments for the Paper-, Brush-, Cosmetics- and Dental industry buys NOWO Products Sp.z.o.o. in Kluczbork, Poland. NOWO is a leading European producer of twisted monofilaments for the global paper industry. Perlon® herewith expands its market leadership in the Paper Machine Clothing segment through this acquisition which is regarded as a vertically integrated investment for the Perlon® Group.

“With the merger of the Perlon® Group and NOWO, we are reinforcing a company that is geared towards the global paper industry of the future and we are expanding our market leadership in this segment. NOWO is a perfect fit for the Perlon® Group with its long-term experience and special knowledge in the production of twisted monofilaments and this complements our existing product portfolio well.” states Florian Kisling, CEO of Perlon®.

The Perlon® Group will take over NOWO Products with all 40 employees and production lines located in the NOWO factory in Kluczbork, Poland.

Company Information

Perlon® - The Filament Company is the worldwide leading manufacturer of synthetic filaments and with the help of around 850 employees, generates a turnover of over 150 million Euros. The company manufactures filaments for applications in the paper machine clothing industry (PMC), the brush industry, for technical textiles as well as filaments for cosmetic and dental applications from our sites in Germany, the USA and China.
